2. Crochet 46 tr, 2 ch. Turn your work around.

*\* The basket weave crochet pattern is made by alternately crocheting 2 (relief) tr, working from the front of your work, inserting your hook from the front around the tr of the previous row of tr and 2 (relief) tr, working from the back of your work, inserting your hook from the back around tr of the previous row.*

3. Crochet 1 tr, 2 tr from the back around the next 2 tr, the next 2 tr from the front. Repeat until the end of the row and finish with 1 tr.
4. Repeat this pattern in the next row, but staggered, thus creating a checkered pattern.
5. Repeat these steps until the crocheted piece is a square.
6. Crochet 17 ch from one corner and secure the end onto the square with a dc.
7. Crochet 1 dc in each ch all the way around. Secure the end to make a strap.
